»»» Vamos por más
innovación con Bosch.

En Emasa estamos orgullosos de ser representantes de Bosch, líder en innovación de autopartes para vehículos. Una alianza de más de 60 años que beneficia a todos los que nos mueve la idea de una movilidad sostenible.

¡Vamos con Emasa!

Nuestras baterías ofrecen Alta performance para cada necesidad.

Estar a la vanguardia en tecnología le ha permitido a Bosch desarrollar baterías para todo tipo de aplicación: automóviles, SUVs, vehículos todo terreno, motocicletas, camiones, vehículos agrícolas, maquinaria pesada, embarcaciones, aplicaciones estacionarias e industriales, entre otras.

Características	Ventajas
Tecnología Alemana.	Garantiza estar siempre a la vanguardia de la tecnología a nivel mundial.
Controles de calidad de nivel internacional.	Garantiza con exactitud las especificaciones técnicas de las baterías.
Rejillas de alta tecnología con aleación de plata.	Mejora la conducción de electricidad, provoca un arranque más rápido y aumenta la vida útil.
Placas reforzadas.	Minimiza el desgaste y mejora el desempeño en el arranque.
Separadores impermeables de polietileno tipo sobre.	Evita la generación de cortocircuitos internos permitiendo alargar la vida útil y lograr una mayor potencia de arranque.
Estructura de doble tapa interna tipo laberinto.	Garantiza que a pesar de la evaporación del electrolito, este se condense y quede dentro de la batería.
Terminales forjados en frío.	Evita la formación de sulfatos garantizando el contacto perfecto con los bornes.
